

JOE GEDEON TESTIFIES

In Baseball Investigation Being Conducted in Chicago

ROTHSTEIN ALSO IS EXPECTED

Baseball Pools May Be Considered Before Grand Jury Adjourns

Chicago, Oct. 26.—Joe Gedeon, second baseman of the St. Louis Americans, was present today to testify in the baseball investigation by the Cook county grand jury, and the appearance of Arnold Rothstein of New York, said by some witnesses to be a leading figure in the bribing of 1919 series players, had been promised by his attorney. The evidence of these two and Harry Holmdorn of St. Louis, who also is said to be connected with the plot to "fix" the 1919 series, was expected to conclude the investigation today or tomorrow.

Ban Johnson, president of the American league, and several local men, said to be acquainted with the circulation of baseball pools, may also be called at the closing session.

Gedeon came from Sacramento, Cal., at Johnson's request. His connection with the 1919 series had been under investigation and Johnson requested the jury to withhold action until Gedeon had a chance to appear. Gedeon agreed to sign an immunity waiver.

Attorney Hartley Replogle, Gedeon denied any direct knowledge of the "fixing" of the series, although admitting he won \$600 on Cincinnati.

"I bet \$600 on Cincinnati because I had heard rumors that they would win and because I thought they had the best team," he said. "But I was not mixed up in the bribery and did not act as a go-between to arrange the deal between the ball players and the gamblers, as some people say. I went west with Sam Risberg and Chick Gaud after the series, but they never told me anything about throwing the series. The state's attorneys here seem to think I know a lot, judging from the questions they have asked me, but I don't."

In regard to the testimony to be presented by Rothstein, officials say his evidence, provided he tells all that he knows, will be the most important yet in the case.

Evidence is said to have been given the jury that Rothstein was approached by Hal Chase, Abe Attell and others for money with which to finance the "fixing." He is said to have been asked for \$100,000 to bribe Chicago players, but some witnesses are said to take part in the deal and that the alleged bribes then went to other gamblers.

Redmond was expected to give details of the trip Manager William Gleason of the White Sox made to St. Louis last fall in search of evidence that the world's series had been "fixed."

Mammy Put Burly Truckdriver to Rout.

She was a burly mammy. She was crossing Broadway at Reader street, moving slowly. She waited for a surface car to pass. Engaged in her thoughts, she started on again to cross the rest of Broadway and stepped directly in the path of a motor truck. The driver emitted a startled yelp of warning and threw on his brakes hard. Mammy had resources of speed. With amazing agility she leaped toward the curb, just clearing the front wheels of the truck.

ALEXANDER'S SUCCESSOR

Greek Throne Likely to Be Offered to Prince Paul

SON OF FORMER KING CONSTANTINE

King Alexander Died Last Night After Long Illness From Monkey Bite

Athens, Oct. 26 (By the Associated Press).—Many difficulties regarding succession to the Greek throne will result from the death of King Alexander, which occurred last night. There is every indication the throne will be offered Prince Paul, third son of former King Constantine, but, as a condition, King Constantine must formally abdicate. Good Prince George, older brother of Prince Paul, must renounce his rights.

It is probable that King Constantine will at first refuse to meet these conditions, but it is understood Premier Venizelos would produce arguments of some importance. Constantine's financial status is well known, and it is the understanding that the premier will agree to restore the former king's suppressed pension, if the above terms are accepted.

Only in the event of Constantine's persistent refusal would there be a question of the establishment of a republic, but it is known Premier Venizelos is of the opinion that Greece is not yet ripe for that form of government.

There is also a possibility of offering the throne to a foreign prince, but the premier is reluctant to take such a step. To begin with it would be hard to find a suitable candidate. When Prince Otto of Bavaria was called to the throne of Greece in 1832, the prospecting powers of Great Britain, France and Russia gave solemn undertakings that none of their princes would seek the throne, an undertaking which was renewed by King George of Great Britain in 1917.

Cheaper Meat Animals.

Washington, D. C., Oct. 22.—Meat animals have been selling by farmers for a whole year ending with September, 1920, at prices that were lower than they were in the preceding year, by 14 per cent. The fall in prices, compared with the former years, began in September, 1919. These statements are based on prices ascertained by the bureau of crop estimates, United States department of agriculture.

Prices of these animals were gradually increasing to the calendar year, 1914, but they fell eight per cent in 1915, followed by a gain of 17 per cent in 1916, of 49 per cent in 1917, when the peak of gain was reached, of 17 per cent in 1918, and less than one per cent in 1919. Now, for the last four months of 1919 and for 1920 to September, there has been a recession of price movement with a drop of 14 per cent.

DOES YOUR BACK ACHE?

If you are troubled with back aches, it is a bet that they are caused by weak kidneys; they don't perform their duties, and you should look out, as there is trouble brewing.

When your kidneys get sluggish and clog, you suffer from backache, headache, dizzy spells, and it is more than likely to bring on rheumatism.

The urine is often cloudy, full of sediment, your sleep disturbed by being compelled to arise, one or more times during the night, because of the pain, irritation and abnormal condition of the kidneys and bladder.

If you will take from 10 to 20 drops of SEVEN BARKS in a little water after meals, you will correct the alkalinity of your secretions, thus giving you undisturbed sleep and peaceful rest, preparing you for your next day's duties.

When the kidneys are not doing their duty they allow impurities to accumulate and be converted into uric acid and other poisons, which will cause serious trouble unless they are driven from your system.

If you eat meat regularly, you should flush the kidneys occasionally with SEVEN BARKS, as meat forms uric acid, which clogs the pores, so they cannot throw off the poisons.

Don't neglect your kidney trouble with the first symptoms, you will be sorry if you do. Get SEVEN BARKS of your druggist, at a cost of only 60 cents.—Adv.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

BURN EFFIGIES OF MACSWINEY

And Rioting Broke Out in the Streets in Belfast

TROOPS CALLED TO AID POLICE

Three Men Wearing Khaki Killed in Dublin To-day

Belfast, Oct. 26.—Further rioting occurred in this city last night. Large crowds burned effigies of Terence MacSwiney in a street in the Stanhope section of the city, and a nearby party, mistaking the effigies for those of Premier Lloyd George, started exchanges with men burning the figures.

A fight was soon going on, and the police being powerless to quell the disorder, troops were summoned. Several shots were fired by the soldiers and order was soon restored.

John McLeod was shot and killed yesterday afternoon during a fight caused by the display of Sinn Fein flags. The clash occurred in the east end of the city.

Galway, Ireland, Oct. 26.—Thomas Egan, keeper of a police house at Henry, was shot dead in his home on Sunday night by raiders, after they had accused him of complicity in the murder of Frank M. Shaw, a Galway magistrate, last March.

Dublin, Oct. 26.—Three men were shot and killed by masked men wearing khaki uniforms here today. The shooting took place in the Thurlagh district. One of the victims was the registrar of the local arbitration court, Michael Ryan, another victim, was shot while lying in bed, where he had been suffering pneumonia a week.

The death of a political prisoner in Mount Joy prison was reported.

Cork, Oct. 25 (By the Associated Press).—Crowds along the Grand Parade, one of the principal thoroughfares of this city, were thrown into a panic to-night, when several shots were fired from a military lorry and an accompanying crowd of about 500 men.

The car had turned its searchlight on the Sinn Fein clubhouse and a large number of people, led by curiosity, surrounded the machine. The occupants, fearing an attack, fired and the crowds scattered through streets in the business district in the city. Subsequently the streets were almost deserted. Soldiers, who were riding about the city in lorries, had previously stopped a number of private automobiles and searched them and their occupants for arms.

Armed men flagged the afternoon mail train running from Cork northward to-day. The incident occurred at Blarney, and the men overpowered the train crew with revolvers, searching compartments in various cars. Apparently they did not find what they were seeking and later allowed the train to proceed.

M'SWINEY ARRESTED AUG. 12.

He Was Found Guilty and Sentenced to Two Years.

MacSwiney's hunger strike was begun on Aug. 12, when, with 10 of his associates, he was arrested by soldiers in Cork, while attending a session of a Sinn Fein court. After trial by a military tribunal under the regulations of the defense of the realm act, he was found guilty of sedition and sentenced to two years' imprisonment, which he was serving in Brixton prison in London.

MacSwiney, then an alderman of Cork, was elected lord mayor of the city at a special session of the Cork corporation on March 30 of this year. He was a well-known Sinn Fein leader and, prior to his election, had been deported and imprisoned several times, one of the latest notable instances of his confinement having been in 1916 in connection with the Irish Easter revolt.

When arrested on Aug. 12, MacSwiney managed to escape to the street from the back of the city hall, which soldiers had surrounded, but was captured outside. He was taken to the military barracks and came up for trial on Aug. 16. The court martial found him guilty of having control of the secret police, of having in his possession a document likely to cause disaffection, namely, a copy of a resolution of the Cork corporation pledging allegiance to the Dail Eireann, the Irish republican Parliament, and of having made a seditious speech on the occasion of his election.

Already weak at the trial because of his refusal to take food, MacSwiney disputed the jurisdiction of the court, saying: "I am the lord mayor of this city and its chief magistrate. I declare this court illegal and those taking part in it liable to arrest under the laws of the Irish republic."

The day following his trial, Lord Mayor MacSwiney was deported to England aboard a destroyer, under a heavy military escort and was lodged in Brixton jail. The government announced on Aug. 19 that he was sentenced to two years' imprisonment.

MacSwiney's hunger strike brought numerous solicitations and protests to the British authorities, many of the appeals being from sympathizers in the U. S., even a threat from the Sinn Fein in Ireland, that, in the event of his death, a general strike and serious disturbances would prevail throughout the island. An appeal was taken directly to the king, but this also proved unavailing.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$2.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Sneeze, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "Pine Cough Syrup," with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Ft. Wayne, Ind.

of the American commission for Irish independence.

Within the past week when it began to appear that the lord mayor was approaching the end he was given liquid nourishment by the prison doctors during periods of unconsciousness. This fact appeared in statements by both the Irish Self-Determination league, which had been issuing regular bulletins on MacSwiney's condition, and by the home office. The league's statement showed the lord mayor as becoming extremely indignant upon regaining consciousness and realizing that he had been fed.

"They tricked me and I didn't know it," he exclaimed. The league's bulletin on Oct. 21 contained this statement:

"It should be made clear that the meat extract given the lord mayor during his delirium on the 6th day of his fast was the first nourishment which had passed his lips since his arrest on Aug. 12.

With regard to the theological aspects of the lord mayor's hunger strike, and the of the Irish prisoners in the Cork jail, who began a similar abstention from food shortly before MacSwiney's fast started, it was stated in a Rome dispatch on Oct. 17 that Pope Benedict had referred the problem to the congregation of the holy office.

The pope had received many urgent appeals to make some pronouncement whether the deaths of the prisoners as a result of their hunger strike would make them suicides. He had found widely divergent opinions among

learned prelates, it was added, and therefore, had laid the problem before the congregation of the holy office, which settles questions of faith and morals and judges heresy. There has been no indication as to when a decision might be expected from this body. One London report attributed to the pope the statement that a hunger strike might be a matter for the individual conscience.

The first death among the hunger strikers occurred on Sunday, Oct. 17, when Michael Fitzgerald, one of the 11 striking prisoners in the Cork jail, succumbed to the results of his self-imposed fast. He had fasted 68 days. Several others of the Cork prisoners are declared now to be in a critical state.

Woman Fell for Old Auction Trick.

For thrills, certain and cheap, many women prefer the auction room to the best melodrama ever written, but it is the innocent who gets most of them and reacts most violently. Quite recently a housekeeper noticed the red flag up on a house in her neighborhood, and after looking the offerings over she informed her husband that she meant to attend the sale and acquire, if possible, two side chairs, which had caught her fancy. He advised her to be careful and protect her pocket by taking with her a sum of money not exceeding \$5. And this measure of precaution she promised to observe.

On the day of the auction she went early and got a good seat, but a long wait intervened between the first article put up and the chairs she fancied. One of these articles was a small yellow pitcher. The first bid it called forth was 15 cents. Merry thought the innocent pitcher must be worth more than that, so she raised the bid to 25 cents. The first bidder rose to 35 cents, and thinking that she wouldn't let her opponent walk away with the price for such an insignificant
